Psychology 10th Edition 10th tenth by Myers David G

As a psychology major, had to order this book for an intro class and I must this provides a wonderful introduction to all basic topics of social psychology. It doesn't breeze over them either, it actually talks in an intellectual way in detail about each. You walk away from reading this with enough of an understanding to have a basic psychological conversation and with the hunger for more. I liked hte way the book was divided up becuase it worked in a very logical progression.
